## Scaling new heights

IndusInd Bank (IIB), yet again, delivered a top quartile performance across parameters. CASA jumped ~250bps QoQ (37.8%) led by strong SA growth (17%), balanced loan growth (24% YoY), superior NIM (4%), healthy fee traction (+25% YoY), PCR improvement (60%, +165bps QoQ). Other positives include slower RWA growth (1% QoQ vs. loan growth of ~3%) and conservative utilization of one-time provisions (Rs 1.2bn). Higher slippages (led by relapse and retail book) drove GNPA's up by ~21%. However, the gross stressed book remains stable QoQ at 1.3% (one of the best in the industry).

Over the last three planning cycles (PC), IIB has delivered superior performance in all business metrics. We believe that with every growth engine revving up (network, CRAR, diversified book and innovation), constantly improving liability franchise, favourable margin environment, improving efficiencies and impeccable asset quality, IIB is set to deliver superior return ratios (RoA of ~1.8% by FY19E). Maintain BUY with a TP of Rs 1,663 (3.75x FY19E ABV of Rs 443).

### Financial Summary

(Rs mn)	1QFY18	1QFY17	YoY (%)	4QFY17	QoQ (%)	FY16	FY17	FY18E	FY19E
Net Interest Income	17,741	13,564	30.8%	16,675	6.4%	45,166	60,626	74,633	91,587

### Highlights of the quarter

- **Asset quality blip:** With a relapse in two exposures (Rs 2.2bn) and higher slippages in the retail segment (Rs 2.6bn (2.2% vs. 1.6% QoQ), gross additions were elevated at Rs 6.1bn (2.1% ann. vs. 2.4% QoQ). While there is a rise in GNPA's (+21%), low exposure to stressed assets, diversified and granular book, a mere Rs 500mn exposure to three ACs (of the twelve exposures identified by RBI) and smaller restructured book (17bps) provide comfort on asset quality. We have factored in slippages of avg. ~1.2% over FY17-19E.
- **Created provision buffers:** IIB has conservatively utilised provision reversals (Rs 1.2bn) to create floating provisions (Rs 700mn), std. asset provisions (Rs 330mn) and additional provisions towards security receipts and MFI portfolio (Rs 200mn). While the mgmt hinted for additional provisions towards MFI and stressed exposures in 2Q, we believe that conservatism will provide a cushion to earnings.
- **Near-term outlook:** Pickup in CV cycle, favorable margin environment and normalisation of slippages will keep the stock buoyant.

## Five Quarters At A Glance

Rs mn	1QFY17	2QFY17	3QFY17	4QFY17	1QFY18	YoY Growth	QoQ Growth
Net Interest Income	13,564	14,603	15,784	16,675	17,741	30.8%	6.4%

Coverage Ratio (%)	58.7	58.9	58.8	58.4	60.0	134 bps	164 bps

~4% ahead of estimates, driven by strong loan growth of ~24% YoY;  
Fees grew ~25% YoY, led by strong growth across segments, except processing fees

Focus on improving efficiencies during PC-4  
(Mgmt guides for C-I improvement of ~200bps over PC-4)

One-off provisions reversal were utilized for creating(1) Floating provisions of Rs 700mn  
(2) Std. asset provisions of Rs 330mn and (3) Accelerated provisions of Rs 200mn towards SR and MFI exposures

Strong CASA growth was led by SA growth of ~65/17% YoY/QoQ; CA growth was relatively slower at ~19/8% YoY/QoQ

Led by ~26% growth in the corporate segment and ~22% in the CFD segment; Amongst CFD, the non-vehicle finance segment grew at a faster pace

Sequential jump in yields is attributed to interest reversals in 4Q (relating to cement exposure)

Corporate slippages stood at Rs 3.5bn (2% ann. vs. 2.9% QoQ), and CFD slippages at Rs 2.6bn (2.2% ann. vs. 1.6% QoQ)

## Change In Estimates

(Rs mn)	FY18E			FY19E		
	Old	New	Change	Old	New	Change
NII	74,633	74,633	0.0%	91,587	91,587	0.0%
PPOP	64,552	64,552	0.0%	79,804	79,804	0.0%
PAT	35,474	35,474	0.0%	43,208	43,208	0.0%
Adj. BVPS (Rs)	381.8	381.8	0.0%	443.4	443.4	0.0%

Source: HDFC sec Inst Research

**Loan growth was driven by the corporate segment (+26%) and CFD (+22%)**

**Corporate loans were driven by working capital requirements**

**The non-vehicle portfolio grew ~37/7% YoY/QoQ, led by a strong growth in credit cards (+55%), PL (+58%) and LAP (+31%),**

**Within the VF portfolio, only 2Ws reported single-digit YoY growth, Cars grew ~18/3% YoY/QoQ**

**SA growth momentum continues, with a sequential growth of 17% after a 7% QoQ growth in 4Q and 22% in 3Q**

## Continuous healthy business momentum

- Robust growth in advances was driven by both, corporate and retail segments. Corporate growth (+26%) was largely broad-based, driven by the mid-corporates (32%) and SME (28%) segments. **Growth in large corporate loans was tilted towards shorter duration advances.** Retail loans grew by 22% YoY, led by the non-vehicle finance segment (largely driven PL +58% YoY and CC +55%), despite the slower growth in the VF segment (~65% of retail loans)
- Disruption owing to BS-4 implementation and supply-side constraints halted growth in VF loans, and growth in sub-segments remained flat sequentially. **Consequently, the share of VF loans in the CFD segment dipped ~310bps to 64.8% of retail loans.**

### Strong Loan Growth Of ~24% YoY

Source: Company, HDFC sec Inst Research

- With a focus on top rated corporates, a tilt towards working capital loans and MCLR based pricing regime, IIB remains well placed to grow its corporate book at par with the retail segment without compromising on asset quality. **We have factored in a loan CAGR of 27% over FY17-19E.**
- CASA ratio jumped ~250bps QoQ to 37.8%, led by robust SA growth (65/17% YoY/QoQ), and pick-up in CA deposits (+8% QoQ). The surge in SA deposits is attributed to healthy customer addition (85,000-90,000/month), increase in the avg. balance to Rs 60,000 (vs. Rs 40,000 earlier) and increasing government business (incremental contribution of Rs 10-12bn).

### Corporate Mix Remains Flat Sequentially

Source: Company, HDFC sec Inst Research

**The CV proportion dipped 78bps QoQ to ~37.5%. The share of VF book dropped 1.2% sequentially to ~64.8%**

**The share of CC, PL and LAP continues to increase**

**SA grew ~65/17% YoY/QoQ (after ~7% QoQ in 4Q). The strong growth is driven by customer addition of 85-90k/month and increase in avg balances to ~Rs 60k (vs. ~Rs 40k)**

**CA grew ~19/7% YoY/QoQ after falling ~7% QoQ for 2 consecutive quarters Growth was mainly due to addition of govt. accounts**

**Margins were flat QoQ at 4%, largely due to a rise in yields (affected in 4Q due to interest reversals on the cement exposure)**

### CFD Mix: Non-Vehicle Share Picking Up

Source: Bank, HDFC sec Inst Research

### Superior margins and fee performance

- Reported NIMs were flat QoQ at 4% cushioned with rise in yields (esp. corporate yields) despite the marginal rise in CoF. The uptick in yields was owing to no interest reversals as compared to 4QFY17 (cement exposure related)
- Margins could witness a further uptick, owing to a rising CASA proportion (falling CoF). As envisaged in PC-4, a rising proportion of high-yielding retail loans could benefit margins further, going forward. **We have factored in calc. NIMs of 4.1%, which provide an upside risk to our estimates.**

### CASA Ratio Jumps ~250bps QoQ To 37.8%

Source: Bank, HDFC sec Inst Research

- Core fees grew ~25% YoY (3.4% of loans ann., one of the best in the industry) driven by strong growth across segments (except loan processing fees). Healthy growth was led by third-party distribution (+54% YoY), IB fees (+53% YoY) and trade and remittances (+20% YoY). **Non-interest income contributes ~40% to the total income, and remains one of the key drivers for superior RoA.**

**We factor in calc. NIMs at 4.1% avg. over FY17-19E**

**Core fees grew ~25% YoY (-2.3% QoQ), led by 3<sup>rd</sup> party distribution income (+54% YoY/QoQ), investment banking income (53% YoY) and remittances (+19% YoY)**

**Loan processing fees were lower ~19/9% QoQ/YoY**

**Treasury gains moderated QoQ to Rs1.93bn vs. Rs2.15bn**

**Total employees have remained stagnant over the past 2 quarters due to redeployment and focus on efficiency**

### NIM Strong At 4% (Flat QoQ)

Source: Bank, HDFC sec Inst Research

### Well-diversified Fee Income Stream

Source: Bank, HDFC sec Inst Research

### C-I Ratio: Up A Mere 61bps QoQ

Source: Bank, HDFC sec Inst Research

### Fee Inc. % Loans (Ann.) Dips Sequentially

Source: Bank, HDFC sec Inst Research

**Slippages stood at Rs 6.1bn (2.12% ann. vs. 2.35% QoQ) led by CFD slippages of Rs 2.6bn (2.2% ann. vs. 1.6% QoQ)**

**Ccorporate slippages of Rs 3.5bn (2% vs. 2.8% QoQ) were due to relapse of Rs 2.2bn**

**The MFI book saw stress with GNPA's of ~Rs 310mn (Rs 280mn provided for); PAR stands is ~Rs 500mn**

**O/S SR stood at ~Rs 3.57bn (0.3%) stable QoQ**

**The restructured book dipped 20bps QoQ to a mere 17bps owing to a relapse of 2 exposures**

**IIB has exposure of Rs 500mn in 3 ACs (of the 12 ACs mentioned by RBI) and the bank has 100% provisions in 2 of these**

**Sale to ARC during the quarter was ~Rs 570mn or which ~Rs 300-350mn were CV loans**

## Relapse and CFD drags asset quality performance

- Over the last couple of quarters, IIB's asset quality performance has been relatively weak. GNPA's jumped ~21% QoQ to Rs 12.7bn (1.09%), led by higher slippages of Rs 6.1bn (2.1% ann.) and lower reductions (Rs 3.9bn, -29% QoQ). The elevated slippages were driven by CFD slippages of Rs 2.6bn, (2.2% ann. vs. 1.6% QoQ) and relapse of Rs 2.2bn (corporate slippages at Rs 3.5bn, 2% ann. vs. 2.9% QoQ).
- Among the CFD segment, only 2W and CE reported lower GNPA's, while tractors, LAP/HL/PL and small CVs witnessed a gradual rise sequentially.

### Slippages Driven By Corporate Segment

Source: Bank, HDFC sec Inst Research

- While GNPA's inched up (16bps QoQ), overall gross stressed loans remain stable at ~126bps, with a dip in the restructured book (Rs 2bn, -53% QoQ; 17bps)
- Though there is a rise in GNPA's (+21%), low exposure to stressed assets, diversified and granular book, a mere Rs 500mn exposure to the three ACs (of the twelve exposures identified by RBI) and smaller restructured book (17bps) provide comfort on asset quality. We have factored in slippages of avg. ~1.2% over FY17-19E.

**Any holding in stock –No**

HDFC Securities Limited (HSL) is a SEBI Registered Research Analyst having registration no. INH000002475.

**Disclaimer:**

This report has been prepared by HDFC Securities Ltd and is meant for sole use by the recipient and not for circulation. The information and opinions contained herein have been compiled or arrived at, based upon information obtained in good faith from sources believed to be reliable. Such information has not been independently verified and no guaranty, representation of warranty, express or implied, is made as to its accuracy, completeness or correctness. All such information and opinions are subject to change without notice. This document is for information purposes only. Descriptions of any company or companies or their securities mentioned herein are not intended to be complete and this document is not, and should not be construed as an offer or solicitation of an offer, to buy or sell any securities or other financial instruments. This report is not directed to, or intended for display, downloading, printing, reproducing or for distribution to or use by, any person or entity who is a citizen or resident or located in any locality, state, country or other jurisdiction where such distribution, publication, reproduction, availability or use would be contrary to law or regulation or what would subject HSL or its affiliates to any registration or licensing requirement within such jurisdiction.

If this report is inadvertently sent or has reached any individual in such country, especially, USA, the same may be ignored and brought to the attention of the sender. This document may not be reproduced, distributed or published for any purposes without prior written approval of HSL.

Foreign currencies denominated securities, wherever mentioned, are subject to exchange rate fluctuations, which could have an adverse effect on their value or price, or the income derived from them. In addition, investors in securities such as ADRs, the values of which are influenced by foreign currencies effectively assume currency risk.

It should not be considered to be taken as an offer to sell or a solicitation to buy any security. HSL may from time to time solicit from, or perform broking, or other services for, any company mentioned in this mail and/or its attachments.

HSL and its affiliated company(ies), their directors and employees may; (a) from time to time, have a long or short position in, and buy or sell the securities of the company(ies) mentioned herein or (b) be engaged in any other transaction involving such securities and earn brokerage or other compensation or act as a market maker in the financial instruments of the company(ies) discussed herein or act as an advisor or lender/borrower to such company(ies) or may have any other potential conflict of interests with respect to any recommendation and other related information and opinions.

HSL, its directors, analysts or employees do not take any responsibility, financial or otherwise, of the losses or the damages sustained due to the investments made or any action taken on basis of this report, including but not restricted to, fluctuation in the prices of shares and bonds, changes in the currency rates, diminution in the NAVs, reduction in the dividend or income, etc.

HSL and other group companies, its directors, associates, employees may have various positions in any of the stocks, securities and financial instruments dealt in the report, or may make sell or purchase or other deals in these securities from time to time or may deal in other securities of the companies / organizations described in this report.

HSL or its associates might have managed or co-managed public offering of securities for the subject company or might have been mandated by the subject company for any other assignment in the past twelve months.

HSL or its associates might have received any compensation from the companies mentioned in the report during the period preceding twelve months from the date of this report for services in respect of managing or co-managing public offerings, corporate finance, investment banking or merchant banking, brokerage services or other advisory service in a merger or specific transaction in the normal course of business.

HSL or its analysts did not receive any compensation or other benefits from the companies mentioned in the report or third party in connection with preparation of the research report. Accordingly, neither HSL nor Research Analysts have any material conflict of interest at the time of publication of this report. Compensation of our Research Analysts is not based on any specific merchant banking, investment banking or brokerage service transactions. HSL may have issued other reports that are inconsistent with and reach different conclusion from the information presented in this report.

Research entity has not been engaged in market making activity for the subject company. Research analyst has not served as an officer, director or employee of the subject company. We have not received any compensation/benefits from the subject company or third party in connection with the Research Report.
