Margins impacted by RM Cost and operating deleverage

New order wins in EVs/hybrids; Focus on energy cost pass on to customers

- MACA's weak performance in 4QCY21 was reflection of high RM/energy cost and operating deleverage in both geographies. It is negotiating with customers to pass on hyper inflation in energy prices. There is good progress on order wins in EVs/hybrids in both geos.
- We cut our CY22E EPS estimates by 3.5% to account for margin pressures across both geographies and maintain CY23E EPS estimates. Maintain Buy with TP of INR267 (13X Dec-23 EPS).

Margin pressure across geographies

- Consolidated revenue grew 5% YoY to INR20.6b (in line) in 4QCY21, while EBITDA/adjusted PAT fell 18%/20% to INR2b/INR893m. Revenue/EBITDA/adjusted PAT grew 39%/2.1x/4.9x in CY21.
- EBITDA declined by 18% YoY to ~INR2b (est. INR2.6b). EBITDA margin stood at 9.8% (est. 12.7%). EBITDA margin was impacted by RM cost (2pp) and operating deleverage. Adjusted PAT fell 20% YoY to INR892m (est. INR1.1b).
- India revenue grew 11% YoY to ~INR11.4b (est. ~INR11.2b), but declined 5% YoY on constant RM basis. India EBITDA margin stood at 10.6% (est. 13.5%), impacting by RM cost (200bp) and op. deleverage.
- EU business revenue fell ~1% YoY to ~INR9.2b (est. ~INR9.2b), but declined 19% on constant RM basis. Reported EBITDA margin stood at 7.6% (est. 11.5%) hurt by higher RM/energy cost and op. deleverage.
- The board declared a dividend of INR2.5/share for CY21.
- Consolidated net debt fell to INR7.8b (v/s INR12.8b as of Dec'20).
- Consolidated FCFF improved to INR5.7b (v/s INR2.4b in CY20) due to improvement in cash flow from operations.

Highlights from the management commentary

- **Growth forecast | India business:** PVs and CVs are expected to grow on strong demand, subject to semiconductor availability, while Tractor and 2W sales are expected to remain sluggish. The **Europe business** is expected to grow on a low base. With some pent-up demand in the long-term, growth will be in line with broader GDP growth.
- Europe CV business: It is seeing good demand for CVs in Europe. Though Germany is lagging, it is expected to come back on stream in 2HCY22. Currently CVs contribute 39% to Europe's revenue.
- Capex for CY22 will be 5% of total revenue and is India focused (~80%).

Valuation and view

- MACA's growth story is on track, driven by its organic initiatives (new products/customers). This, coupled with cost-cutting initiatives in both India and the EU, will drive margin expansion.
- Any significant order wins, or growth in the EV portfolio, can act as a rerating factor. The stock trades at 11.6x/9.5x CY22E/CY23E consolidated EPS. We have lowered our target multiple to 13x (from 15x earlier) as recovery in capital efficiency is slower than expected. We maintain our **Buy** rating with a TP of ~INR267/share (13x Dec'23E consolidated EPS).

E: MOFSL estimates; AEL merged w.e.f 2QCY19

Key takeaways from the management interaction Growth outlook

- India business: PVs and CVs are expected to grow on strong demand, subject to semiconductor availability, while Tractor and 2W sales are expected to remain sluggish for the next two quarters.
- The Europe business is expected to grow on a low base. With some pent-up demand in the long-term, growth will be in line with broader GDP growth.

India business

- The India business, at constant raw material prices, fell 5% YoY (better than the industry). Revenue growth was driven by higher commodity cost as RM cost inflation is 100% pass through for the company.
- EV: At present, 25-30% of its order book of value ~INR6b are for EVs/ Hybrids and skewed towards e-2Ws. New orders are from incumbent and new OEMs for e-2Ws/e-3Ws/e-4Ws.
- Domestic demand for 2W is muted, however, 2W exports are supporting sales.

European business

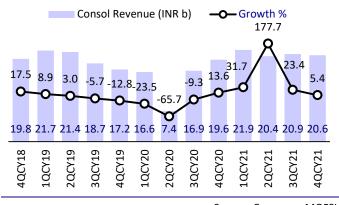

- EU business, at constant raw material prices, fell 19% YoY (v/s an actual revenue decline of 3%).
- It is seeing good demand for CVs in Europe. Though Germany is lagging, it is expected to come back on stream in 2HCY22. It is supplying chassis and suspension parts for CVs in the EU. Currently, CVs contribute 39% of Europe revenue.
- BEV/PHEV account for 9% of total registrations in the EU. MACA's new orders are focused on non-engine parts. Around 75% of new orders cater to Hybrid and EVs.

 Aluminum forging parts are used in suspension and chassis parts and are fuel agnostic. It will be combining new and existing plants for ramping up capacities.

Others

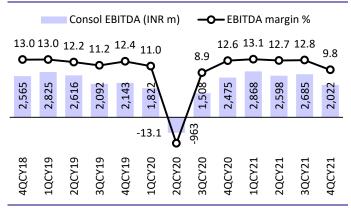

- Capex for CY22 will be 5% (vs 6.5% in CY21) of total revenue and is India focused (~80%).
- MCIE is targeting ~15%/13-14% operating margin for its India/Europe business in the near term.

MOTILAL OSWAL

Valuation and view

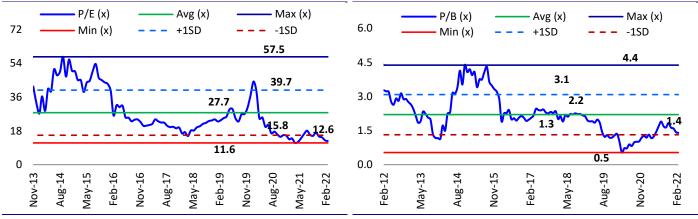

- India a growth driver; focus is on consolidating operations in the EU: MACA has been diversifying its India revenue and cutting costs both domestically and its EU business. India is expected to be the key growth driver, led by: a) value-added products (machined castings, higher grade magnets, complex gears, etc.), b) exports, and c) new products/customers. We expect margin expansion to be led by: a) improvement in the mix, b) optimization of product process location, and c) operating leverage. Since it has achieved its 15% EBITDA margin target in India, it is aiming for 18-20% (at which its parent operates). Considering the lack of growth in the EU business, the focus is on: a) rationalizing the Germany business portfolio to improve margin, b) matching costs with revenue in a cyclical market to retain margin in the Italy business, and c) maintaining margin in Spain and Lithuania.
- Strong, focused, and a disciplined parent: CIE is a focused global player in Auto Components, with diversified technologies and multi-location offerings. It has demonstrated its ability to achieve acquisitive profitable growth across geographies, while delivering value-accretive growth, by adhering to a strict financial discipline. MACA benefits from CIE's expertise in driving operational improvements and is working toward achieving the latter's financial objectives.
- Set for growth after the consolidation phase: In the last three-to-four years since acquiring MACA, CIE embarked on restructuring and consolidating all operations under the former. With Phase I of the consolidation largely complete, MACA is now focusing on growth in Phase II. In the India business, it is targeting both organic and inorganic growth. In the Europe business, it will invest selectively for growth purposes. MACA is CIE's vehicle for expansion in Southeast Asia and forging technology worldwide.
- Financial discipline key to M&A-led strategy: M&A has been an integral tool for MACA in achieving its strategic objectives and growth. For MACA, M&A would be the key driver: a) to fill gaps in areas of strategic technologies aluminum and plastics, b) for access to key players in the India PV segment (Maruti, Hyundai, etc.), and c) for entry into ASEAN markets. CIE has displayed strict acquisition discipline, with a criteria of less than 3x EV/EBITDA over three years, and targets a minimum RoI of ~20%.
- Maintain Buy with a TP of INR267/share: We cut our CY22E EPS estimate by 3.5% to account for margin pressures across geographies, but maintain our CY23E estimate. We have reduced our target P/E multiple to 13x (from 15x) to account for a slower recovery in capital efficiency. MACA's growth story is on track, led by its organic initiatives (new products/customers) and M&A focus. Under CIE's parentage, it has been able to improve its efficiencies, cut cost, and improve profitability. The stock trades at 11.6x/9.5x CY22E/CY23E consolidated EPS. We maintain our Buy rating with a TP of ~INR267/share (13x Dec'23E consolidated EPS).

Regional Disclosures (outside India)

This report is not directed or intended for distribution to or use by any person or entity resident in a state, country or any jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL & its group companies to registration or licensing requirements within such jurisdictions.

For Hong Kong:

This report is distributed in Hong Kong by Motilal Oswal capital Markets (Hong Kong) Private Limited, a licensed corporation (CE AYY-301) licensed and regulated by the Hong Kong Securities and Futures Commission (SFC) pursuant to the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) "SFO". As per SEBI (Research Analyst Regulations) 2014 Motilal Oswal Securities (SEBI Reg No. INH000000412) has an agreement with Motilal Oswal capital Markets (Hong Kong) Private Limited for distribution of research report in Hong Kong. This report is intended for distribution only to "Professional Investors" as defined in Part I of Schedule 1 to SFO. Any investment or investment activity to which this document relates is only available to professional investor and will be engaged only with professional investors." Nothing here is an offer or solicitation of these securities, products and services in any jurisdiction where their offer or sale is not qualified or exempt from registration. The Indian Analyst(s) who compile this report is/are not located in Hong Kong & are not conducting Research Analysis in Hong Kong.

For U.S.

Motilal Oswal Financial Services Limited (MOFSL) is not a registered broker - dealer under the U.S. Securities Exchange Act of 1934, as amended (the "1934 act") and under applicable state laws in the United States. In addition MOFSL is not a registered investment adviser under the U.S. Investment Advisers Act of 1940, as amended (the "Advisers Act" and together with the 1934 Act, the "Acts), and under applicable state laws in the United States. Accordingly, in the absence of specific exemption under the Acts, any brokerage and investment services provided by MOFSL, including the products and services described herein are not available to or intended for U.S. persons. This report is intended for distribution only to "Major Institutional Investors" as defined by Rule 15a-6(b)(4) of the Exchange Act and interpretations thereof by SEC (henceforth referred to as "major institutional investors"). This document must not be acted on or relied on by persons who are not major institutional investors. Any investment or investment activity to which this document relates is only available to major institutional investors and will be engaged in only with major institutional investors. In reliance on the exemption from registration provided by Rule 15a-6 of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act") and chaperoning agreement with a U.S. registered broker-dealer, Motilal Oswal Securities International Private Limited. ("MOSIPL"). Any business interaction pursuant to this report will have to be executed within the provisions of this chaperoning agreement.

The Research Analysts contributing to the report may not be registered /qualified as research analyst with FINRA. Such research analyst may not be associated persons of the U.S. registered broker-dealer, MOSIPL, and therefore, may not be subject to NASD rule 2711 and NYSE Rule 472 restrictions on communication with a subject company, public appearances and trading securities held by a research analyst account.

For Singapore

In Singapore, this report is being distributed by Motilal Oswal Capital Markets Singapore Pte Ltd ("MOCMSPL") (Co.Reg. NO. 201129401Z) which is a holder of a capital markets services license and an exempt financial adviser in Singapore. As per the approved agreement under Paragraph 9 of Third Schedule of Securities and Futures Act (CAP 289) and Paragraph 11 of First Schedule of Financial Advisors Act (CAP 110) provided to MOCMSPL by Monetary Authority of Singapore. Persons in Singapore should contact MOCMSPL in respect of any matter arising from, or in connection with this report/publication/communication. This report is distributed solely to persons who qualify as "Institutional Investors", of which some of whom may consist of "accredited" institutional investors as defined in section 4A(1) of the Securities and Futures Act, Chapter 289 of Singapore ("the SFA"). Accordingly, if a Singapore person is not or ceases to be such an institutional investor, such Singapore Person must immediately discontinue any use of this Report and inform MOCMSPL.

Terms & Conditions:

This report has been prepared by MOFSL and is meant for sole use by the recipient and not for circulation. The report and information contained herein is strictly confidential and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent of MOFSL. The report is based on the facts, figures and information that are considered true, correct, reliable and accurate. The intent of this report is not recommendatory in nature. The information is obtained from publicly available media or other sources believed to be reliable. Such information has not been independently verified and no guaranty, representation of warranty, express or implied, is made as to its accuracy, completeness or correctness. All such information and opinions are subject to change without notice. The report is prepared solely for informational purpose and does not constitute an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments for the clients. Though disseminated to all the customers simultaneously, not all customers may receive this report at the same time. MOFSL will not treat recipients as customers by virtue of their receiving this report.

Disclaimer:

The report and information contained herein is strictly confidential and meant solely for the selected recipient and may not be altered in any way, transmitted to, copied or distributed, in part or in whole, to any other person or to the media or reproduced in any form, without prior written consent. This report and information herein is solely for informational purpose and may not be used or considered as an offer document or solicitation of offer to buy or sell or subscribe for securities or other financial instruments. Nothing in this report constitutes investment, legal, accounting and tax advice or a representation that any investment or strategy is suitable or appropriate to your specific circumstances. The securities discussed and opinions expressed in this report may not be suitable for all investors, who must make their own investment decisions, based on their own investment objectives, financial positions and needs of specific recipient. This may not be taken in substitution for the exercise of independent judgment by any recipient. Each recipient of this document should make such investigations as it deems necessary to arrive at an independent evaluation of an investment in the securities of companies referred to in this document (including the merits and risks involved), and should consult its own advisors to determine the merits and risks of such an investment. The investment discussed or views expressed may not be suitable for all investors. Certain transactions -including those involving futures, options, another derivative products as well as non-investment grade securities - involve substantial risk and are not suitable for all investors. No representation or warranty, express or implied, is made as to the accuracy, completeness or fairness of the information and opinions contained in this document. The Disclosures of Interest Statement incorporated in this document is provided solely to enhance the transparency and should not be treated as endorsement of the views expressed in the report. This information is subject to change without any prior notice. The Company reserves the right to make modifications and alternations to this statement as may be required from time to time without any prior approval. MOFSL, its associates, their directors and the employees may from time to time, effect or have effected an own account transaction in, or deal as principal or agent in or for the securities mentioned in this document. They may perform or seek to perform investment banking or other services for, or solicit investment banking or other business from, any company referred to in this report. Each of these entities functions as a separate, distinct and independent of each other. The recipient should take this into account before interpreting the document. This report has been prepared on the basis of information that is already available in publicly accessible media or developed through analysis of MOFSL. The views expressed are those of the analyst, and the Company may or may not subscribe to all the views expressed therein. This document is being supplied to you solely for your information and may not be reproduced, redistributed or passed on, directly or indirectly, to any other person or published, copied, in whole or in part, for any purpose. This report is not directed or intended for distribution to, or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or other jurisdiction, where such distribution, publication, availability or use would be contrary to law, regulation or which would subject MOFSL to any registration or licensing requirement within such jurisdiction. The securities described herein may or may not be eligible for sale in all jurisdictions or to certain category of investors. Persons in whose possession this document may come are required to inform themselves of and to observe such restriction. Neither the Firm, not its directors, employees, agents or representatives shall be liable for any damages whether direct or indirect, incidental, special or consequential including lost revenue or lost profits that may arise from or in connection with the use of the information. The person accessing this information specifically agrees to exempt MOFSL or any of its affiliates or employees from, any and all responsibility/liability arising from such misuse and agrees not to hold MOFSL or any of its affiliates or employees responsible for any such misuse and further agrees to hold MOFSL or any of its affiliates or employees free and harmless from all losses, costs, damages, expenses that may be suffered by the person accessing this information due to any errors and delays.
