Dynacons Secures Prestigious Project from Jammu & Kashmir Bank for Enterprise Resource Planning (ERP) Solution.

Mumbai, India, April 07, 2026

Dynacons Systems & Solutions Ltd. ("Dynacons") is pleased to inform that it has been awarded an **Enterprise Resource Planning (ERP) implementation project** by **Jammu & Kashmir Bank Limited**, valued at approximately **₹25 Crores**, for a contract period of **five (5) years**.

This order marks a significant milestone in Dynacons' expanding footprint in **large-scale digital transformation initiatives within the BFSI sector**, particularly for **public sector and regulated financial institutions**.

This initiative by the Bank represents a strategic step towards transforming its existing business processes through the deployment of a **centralized, technology-driven ERP platform**. The proposed system will enable seamless integration across key functional areas including **Finance & Accounts, Procurement, Inventory Management, Project and Contract Management, Fixed Assets, Operations, Compliance**, and other critical enterprise domains. Jammu & Kashmir Bank sought to engage a capable technology partner to deliver a **comprehensive end-to-end ERP solution** that is **scalable, secure, and aligned with industry best practices**.

Under this engagement, Dynacons will **design, implement, and support a centralized, enterprise-wide ERP platform** aimed at modernizing and integrating the Bank's core financial and operational processes. The ERP platform will function as a **single system of record**, enabling real-time visibility, standardized workflows, and data-driven decision-making across the organization.

The solution is designed to support **comprehensive statutory and regulatory requirements** applicable to banking institutions. It will facilitate preparation and management of **General Ledger, Balance Sheet, Profit & Loss Account, Cash Flow Statements, Schedules, and Notes to Accounts**, in compliance with **Ind AS as well as IGAAP**, along with audit and regulatory reporting requirements. Key automation areas include **budgeting, forecasting, accounts receivable and payable, fixed asset lifecycle management, procurement-to-pay processes, inventory controls, and compliance reporting**, thereby strengthening governance, control, and operational efficiency.

Key Objectives of the Solution

- Standardize and automate core business operations to enhance efficiency and accuracy
- Establish a **single source of truth** for organizational data, ensuring consistency, transparency, and reliability across departments
- Strengthen decision-making through **real-time reporting, analytics, and dashboards**
- Ensure adherence to statutory, regulatory, and audit requirements
- Support future growth with a **scalable, modular, and flexible system architecture**
- Enable effective **knowledge transfer and capacity building** within the Bank for post-implementation management

This project reinforces Dynacons' capabilities in delivering **mission-critical enterprise platforms** that demand high levels of **security, scalability, process rigor, and regulatory alignment**. The engagement also reflects the growing preference of large banking institutions for **end-to-end technology partners** capable of managing complex transformation programs from design through **post-implementation support**.
