FINANCIAL RELIEF ANNOUNCED FOLLOWING NOIDA LABOUR UNREST

# UP govt orders interim hike in minimum wages

PRESS TRUST OF INDIA  
Noida, April 14

THE UTTAR PRADESH government has directed an interim hike in minimum wages across worker categories following unrest in Noida, with revised rates coming into effect from April 1 retroactively, officials said on Tuesday.

The wage hike translates into an increase of up to ₹3,000 across categories, with workers in Gautam Buddha Nagar and Ghaziabad witnessing a rise of up to 21% in their monthly earnings, they said. The process for final wage fixation would be taken up through a wage board to be constituted soon, and the government is also considering additional welfare measures related to workers' health, pension and education of their children, Industrial Development Commissioner Deepak Kumar said.

The wage increase has been done by the high-powered committee, formed to look into the labour issues after large-scale protests by factory workers in

Workers shout slogans as they demonstrate, after Monday's violent protests by factory workers for wage hikes, in Noida, Uttar Pradesh, on Tuesday

Noida on Monday, to provide immediate financial relief to the workers, the officials said. "The decision was approved by the Chief Minister of Uttar Pradesh last night," Gautam Buddha Nagar District Magistrate Medha Roopam said.

According to a statement, the committee is working towards resolving industrial discord through dialogue and coordination, while also con-

sidering further measures to address workers' concerns. Chief Minister Yogi Adityanath appealed to employers to ensure timely payment of wages, proper overtime compensation, weekly offs, bonuses and social security benefits, while maintaining safe working conditions, particularly for female workers, the statement said.

In Gautam Buddha Nagar

and Ghaziabad, unskilled workers will now get ₹13,690 per month, up from ₹11,313, while semi-skilled workers will receive ₹15,059, and skilled workers ₹16,868, according to an official statement. For other municipal corporation areas, the revised monthly wages have been fixed at ₹13,006 for unskilled workers, ₹14,306 for semi-skilled workers, and ₹16,025 for skilled workers.

# Delhi-Dehradun Expressway reduces travel time by a third

FE BUREAU  
New Delhi, April 14

PRIME MINISTER NARENDRA Modi on Tuesday inaugurated the ₹12,000 crore Delhi-Dehradun Economic Corridor that will reduce the travel time between the national capital and the state capital of Uttarakhand to around two hours from six hours at present.

The 215-km access-controlled corridor passes through the densely populated agriculture and industrial belt of Uttar Pradesh. The project was first approved in principle in December 2020.

The foundation stone for construction was laid on December 4, 2021. The project was initially expected to be completed in three years but took longer due to land acquisition hurdles and environmental clearance for the Rajaji National Park section.

Describing the highways and other transport infrastructure as fate lines of the nation, Modi said that for the past decade, the country has been engaged in constructing such development lines to make India developed. "Over the past decade, our government has been making unprecedented investments in these development lines of the nation," he added.

"Here in Uttarakhand itself, work is ongoing on infrastructure projects of

Prime Minister Narendra Modi (centre) during the inauguration of the Delhi-Dehradun Expressway, in Dehradun, on Tuesday. Union Minister Nitin Gadkari (extreme left), Uttarakhand Governor Lt Gen Gurmit Singh (second from left) and state Chief Minister Pushkar Singh Dhari (right) are also seen

more than ₹2.25 lakh crore," he said. "Today, work is going on on many economic corridors connecting different parts of India, like the Delhi-Mumbai Industrial Corridor, Bengaluru-Mumbai Industrial Corridor, East Coast Economic Corridor, and Amritsar-Kolkata Industrial Corridor," the Prime Minister said.

"These economic corridors, apart from the road, create paths for new trade and business. They prepare the foundation for a whole network for factories and warehouses," he added.

omic Corridor, which passes through Ghaziabad, Bagpat, Baraut, Shami, and Saharanpur, is poised to revitalise these cities in Uttar Pradesh as well, Modi said.

"This is not just a road; it opens new avenues for trade, industry, warehousing, and logistics," he added.

"The Expressway will be instrumental in real estate transformation. Dehradun will witness a surge in second-home demand, plotted developments, and villa communities," Co-founder & CBO, Square Yards Anupam Rastogi said.

**Modi on Tuesday inaugurated the 215 km access-controlled corridor worth ₹12,000 crore**

# Centre tweaks iron ore pricing to unlock low-grade reserves

SAURAV ANAND  
New Delhi, April 14

THE GOVERNMENT on Tuesday revised pricing norms for low-grade iron ore to promote its utilisation and reduce wastage, as it seeks to ensure a steady supply of raw materials to the steel industry amid concerns over the depletion of high-grade reserves.

The mines ministry notified amended rules that establish a pricing framework for low ore with iron content below the threshold level of 45%, including Banded Haematite Quartzite and Banded Haematite Jasper.

"The Ministry of Mines has notified the Minerals (Other than Atomic and Hydro Carbon Energy Minerals) Concession (Third Amendment) Rules, 2026, providing the methodology for publication of average sale price of Haematite Iron Ore below the threshold value," the ministry said in a statement.

Under the revised norms, the average selling price for iron ore with 35% to below 45% Fe content will be set at 75% of the ASP of 45% and below 51% grade ore. For ore with Fe content below 35%, the ASP will be fixed at 50% of the same benchmark.

The threshold value refers to the minimum grade below which mined material is typically treated as waste.

# West Asia conflict: Fuel, fertiliser prices may remain high for prolonged period

SAURAV ANAND  
New Delhi, April 14

## WAR IMPACT

Even if shipping flows stabilise, fuel supply recovery will be gradual

The disruption already has broader economic consequences

The impact, however, is uneven across economies

The conflict has displaced populations, disrupted service sectors

FUEL AND FERTILISER prices may remain elevated for an extended period as disruptions to shipping through the Strait of Hormuz and damage to critical infrastructure continue to delay a recovery in global supplies, the International Energy Agency, International Monetary Fund and World Bank Group said.

In a joint statement issued after a coordination meeting ahead of key global reports, three institutions highlighted persistent risks to energy and food markets amid ongoing uncertainty in West Asia.

"The situation remains highly uncertain, and shipping through the Strait of Hormuz has yet to fully normalise," the statement said, underscoring continued strain on one of

the world's most vital energy transit routes.

"The agencies cautioned that even if shipping flows stabilise, supply recovery will be gradual.

"Even after a resumption of regular shipping flows through the Strait, it will take time for global supplies of key commodities to return to their pre-conflict levels — and fuel and fertiliser

prices may remain elevated for a prolonged period given the extent of infrastructure damage," they said.

"The disruption has already driven up oil, gas and fertiliser prices, with broader economic consequences." The shock has led to higher oil, gas and fertiliser prices, triggering concerns about food security and

job losses," the statement said. "The impact is uneven across economies, with energy importers bearing the brunt. "The impact of the war is substantial, global, and highly asymmetric, disproportionately affecting energy importers, particularly low-income countries," the institutions said.

Supply disruptions are also rippling across production chains beyond energy. "Due to supply disruptions, shortages of key inputs are likely to have implications for energy, food, and other industries," the statement said.

The conflict has further dampened economic activity, displacing populations and disrupting service sectors. "The war has also forcibly displaced people, impacted jobs, and reduced travel and tourism," it added.

# Projections for FY26 fuel demand precise

SAURAV ANAND  
New Delhi, April 14

IN A YEAR defined by global supply disruptions and volatile energy markets, India's fuel demand projections proved remarkably precise. Actual consumption reached 243.19 million tonne (MT) against an estimate of 244.00 MT in FY26, delivering an impressive 99.7% realisation — even as supply-side pressures dented LPG and petrol below expectations.

Transport fuels remained the primary drivers of consumption growth. Diesel (HSD), which accounts for the largest share of demand, rose to 94.70 MT, surpassing estimates of 94.09 MT with a 100.7% realisation.

Aviation turbine fuel (ATF) also exceeded expectations, with consumption at 9.16 MT compared to 9.13 MT — translating into 100.3% realisation and reflecting sustained momentum

Aviation turbine fuel (ATF) also exceeded expectations, with consumption at 9.16 MT compared to 9.13 MT — translating into 100.3% realisation and reflecting sustained momentum

the sharpest deviation, with actual consumption at 19.85 MT versus an estimate of 20.96 MT — translating into 94.7% realisation and pointing to weaker-than-expected industrial demand.

Bitumen consumption also lagged projections, coming in at 8.84 MT against 9.09 MT, achieving 97.2% realisation and underperformance in infrastructure a moderation in manufacturing activity.

In contrast, several smaller segments outperformed expectations. Fuel oil and LSHS consumption rose to 6.40 MT, delivering 104.2% realisation, while kerosene (SKO) demand reached 0.46 MT, achieving 102.5% realisation — highlighting resilience in niche categories.

# China says policy to improve relations with India remains unchanged

PRESS TRUST OF INDIA  
Beijing, April 14

CHINA ON TUESDAY said its policy to improve relations with India has not changed as it defended its move to publish new names for various regions in Arunachal Pradesh.

India on Sunday categorically rejected China's efforts to assign "fictitious names" to Indian territory, asserting that Beijing attempts to create "baseless narratives" cannot alter "undeniable reality" and could derail efforts to normalise

relations with India.

New Delhi's sharp reaction came against the backdrop of Beijing establishing a third new administrative county in Aksai Chin, a region India maintains as its sovereign territory.

"India categorically rejects any mischievous attempts by the Chinese side to assign fictitious names to places which form part of the territory of India," External Affairs Ministry spokesperson Randhir Jaiswal said.

Reacting to Jaiswal's remarks, Chinese Foreign Min-

istry spokesperson Guo Jiakun told a media briefing that Zangnan is China's territory, and China has never recognised the "so-called Arunachal Pradesh".

Zangnan is the Chinese name for Arunachal Pradesh. China claims Arunachal Pradesh as part of southern Tibet.

It is entirely within China's sovereignty to place the names of its various standards in the Zangnan region, Guo said, defending Beijing's move to publish six batches of names for Arunachal Pradesh.

### SPECIAL WINDOW - RE-LODGEMENT FOR TRANSFER AND DEMATERIALIZATION OF PHYSICAL SECURITIES

Securities and Exchange Board of India ("SEBI") had discontinued transfer of physical shares from 1<sup>st</sup> April, 2019. However, a special window was opened by SEBI from 7<sup>th</sup> July, 2025 to 6<sup>th</sup> January, 2026, for re-lodgement of physical share transfer requests originally submitted before 1<sup>st</sup> April, 2019 but returned due to deficiencies in documentation.

In order to facilitate the Investors, the SEBI vide its Circular No. HO/38/13/1(2026)-MIRSD-PDD/13/750/2026 dated 26<sup>th</sup> April, 2026 has decided to open another special window for one year from 2<sup>nd</sup> February, 2026 to 4<sup>th</sup> February, 2027. While lodging request under special window for transfer of physical shares, one of the mandatory requirements is submission of original share certificate which is as follows:

| Execution Date of transfer deed    | Lodged for transfer before 1 <sup>st</sup> April, 2019? | Original Security Certificate Available? | Eligible to lodge in the current window? |
|------------------------------------|---|--|--|
| Before 1 <sup>st</sup> April, 2019 | No (it is fresh lodgement)                              | Yes                                      | Yes                                      |
|                                    | Yes (it was rejected/returned earlier)                  | Yes                                      | Yes                                      |
|                                    | Yes   | No                                       | No                                       |
|                                    | No  | No                                       | No                                       |

Further, the following cases will not be considered under this window:

- Cases involving disputes between transferor and transferee.
- Securities which have been transferred to Investor Education and Protection Fund (IEPF).

Shareholders who have missed the earlier deadline for re-lodgement of transfer deeds are once again encouraged to take advantage of this opportunity by furnishing the necessary documents to the Company's RTA i.e. MUGF Intime India Private Limited (Formerly Link Intime India Private Limited) at email [lid\\_rta\\_helpdesk@in.mgms.mugf.com](mailto:lid_rta_helpdesk@in.mgms.mugf.com) or their office at C-101, Embassy 247, L.B.S. Marg, Vikhroli (West), Mumbai - 400 083 or the Company at their registered office mentioned above or at [cti.investorrelations@adityabirla.com](mailto:cti.investorrelations@adityabirla.com) for further assistance.

#### UPDATION OF KYC AND CONVERSION OF PHYSICAL SHARES INTO DEMATERIALIZED FORM

Shareholders holding equity shares in physical form are encouraged to update their KYC details and convert their physical shares into dematerialised (electronic) form. Holding shares in demat form offers multiple benefits and eliminates the risks associated with physical share certificates.
