## **Onward Tech strengthens Chennai presence with office expansion**

**Chennai—11th Aug 2025:** Onward Technologies, a digital engineering services provider, headquartered in Mumbai, India has announced the strategic expansion of its global delivery network with an offshore design centre in Chennai, India. Digital and engineering research & development (ER&D) experts from the Chennai design centre will support Onward Tech's global clients from Industrial Equipment, Heavy Machinery, Transportation and Mobility industries.

"In response to the growing demand for offshore services from USA and Europe clients, Onward Tech will continue to invest in its global delivery model. We have 1000+ employees currently in Chennai and Pune each and with this new investment, we are looking at increasing the capacity to 2000 employees in Chennai. This centre will operate as an extended digital and ER&D team for our clients with state-of-the-art training centres, software labs, and amenities for our employees." commented Jigar Mehta, Managing Director, Onward Tech.

Operating as its clients' extended Digital and ER&D services team enables Onward Tech to respond swiftly to dynamic requirements and address them in its delivery approach. The Chennai design centre is its largest till date, and the company's India operations also include dedicated offshore delivery centers and labs in Pune, Bengaluru, and Hyderabad. Together, this network offers Onward Tech's clients offshore leverage and access to an expert talent pool across digital, embedded, and mechanical engineering services.

### **About Onward Technologies**

Onward Technologies (BSE: 517536) (NSE: ONWARDTEC) is a software outsourcing company specializing in digital and ER&D services.
