WABAG secures Advanced Water Technology Order to deliver Ultra-Pure Water, ETP & ZLD Solutions for RenewSys Solar Cell Manufacturing Facility

August 21, 2025: VA TECH WABAG ('WABAG'), a leading pure-play water technology Indian Multinational Group, has secured a prestigious order from RenewSys India Private Limited ('RenewSys') to deliver comprehensive water management solutions for its 2 GW solar cell manufacturing facility in Hyderabad, Telangana. The scope of work includes the design, engineering, manufacturing, supply, installation and commissioning of an Ultrapure Water ('UPW') system, Effluent Treatment Plant ('ETP'), and a Zero Liquid Discharge ('ZLD') system, to be executed within a period of 11 months.

This order, worth INR 46.50 Crore is strategically significant for WABAG as it marks a strong foothold in the solar manufacturing sector, reinforcing its capabilities across UPW, ETP, and ZLD segments. It also positions WABAG to capitalize on future opportunities in Solar, Green Hydrogen, Semi-Conductor and other high-growth industrial applications.

Commenting on this order win, Mr. V. Sivakumar, General Manager - Sales & Marketing, India Cluster said, "This order marks WABAG's foray into delivering comprehensive water management solutions for Solar Cell facilities, one of the high growth segments for the future. The project is well aligned with our strategy to diversify into water management for high growth industrial applications like Solar, Green Hydrogen and Semi-Conductors. WABAG's technological expertise, proven track record and competitive pricing enabled us to offer lowest life-cycle cost. We express our sincere gratitude to RenewSys for their trust and confidence in WABAG."

About WABAG: With over a century of expertise, WABAG stands as a global leader in water technology, offering innovative and sustainable solutions for both municipal and industrial sectors. As a Pure-Play Indian Water Technology Multinational, WABAG delivers end-to-end water solutions, tailored to meet diverse customer needs across the globe. Backed by a team of over 1,600 water professionals operating in more than 25 countries, WABAG positively impacts millions of lives every day. Over the past three decades, WABAG has successfully designed and built over 1,500 municipal and industrial water and wastewater treatment plants worldwide. WABAG serves as a trusted lifecycle partner, managing every phase of water treatment, from Design, Engineering, Supply, and Construction to Installation, Start-up, and Long-term Operational Management across various business models. Driven by a passion for innovation, WABAG operates state-of-the-art R&D centers in Europe and India and holds over 125 intellectual property rights. Its vision aligns with the United Nations Sustainable Development Goals (UNSDGs) and Environmental, Social, and Governance (ESG) principles, with a strong focus on conservation, resource optimization, recycling, and reuse. As one of the world's foremost partners in water sustainability, WABAG is shaping a future where water challenges are transformed into opportunities for a better, more sustainable world.
