Strides Pharma Inc receives USFDA closure report (EIR) for its formulations facility at Chestnut Ridge, New York

Inspection included Drug Device Combinations covering our recent filing in Nasal Sprays domain

Bangalore, India, February 5, 2026 - Strides Pharma Science Limited (Strides) today announced that Strides Pharma Inc. (SPI), a step-down wholly owned subsidiary of the Company in the USA, has received the USFDA Inspection Closure Report (Establishment Inspection Report – EIR) for its Formulations Facility located at Chestnut Ridge, New York, USA.

The Facility was inspected by the United States Food and Drug Administration (USFDA) from December 17, 2025 to December 23, 2025. The inspection covered current Good Manufacturing Practices (cGMP) and included a pre-approval inspection for Drug-Device Combination capabilities, covering the Company's recent filing in Nasal Sprays domain.

Based on SPI's response to the Form 483 that was issued at the conclusion of the inspection, the USFDA has classified the inspection outcome as VAI (Voluntary Action Indicated). The EIR states that the inspection has been closed.

The Chestnut Ridge facility caters to the U.S. market and manufactures Liquids, Gels, Hormones, Modified Release products and Controlled Substances, supporting several current and future products for the U.S. market. The successful closure of this inspection including Device Combinations further strengthens the Company's U.S. business and near term growth prospects.

Strides remains committed to the highest standards of regulatory compliance and will continue to focus on the manufacture of high-quality pharmaceutical products for global markets.

About Strides

Strides, a global pharmaceutical company headquartered in Bengaluru, India, is listed on the BSE Limited (532531) and National Stock Exchange of India Limited (STAR). The Company mainly operates in the regulated markets and has an "in Africa for Africa" strategy and an institutional business to service donor-funded markets. The Company's global manufacturing sites are located in India (Chennai, Puducherry, and two locations in Bengaluru), Italy (Milan), Kenya (Nairobi), and the United States (New York). The Company focuses on "difficult to manufacture" products sold in over 100 countries. Additional information is available at the Company's website at www.strides.com.
