Dynacons and Cygeniq Partner to Deliver AI-Driven Cybersecurity and Trusted AI Protection across India, Middle East & APAC

Mumbai, India, February 16, 2026

Dynacons Systems & Solutions Ltd., a leading provider of IT infrastructure, cybersecurity, and managed services, announced a strategic collaboration with Cygeniq Inc., US-based AI-native cybersecurity firm, to deliver next-generation **AI-driven cyber defense and AI governance solutions** across **India, Middle East, and the Asia-Pacific region**

The collaboration brings together Dynacons' strengths in security technology risk consulting, managed security services, and enterprise-scale delivery with Cygeniq's GenAI-powered cybersecurity platform and AI advisory capabilities. Together, Dynacons and Cygeniq aim to help organizations improve cyber resilience, enhance compliance readiness, and proactively address rapidly evolving digital threats.

Enabling Trusted, Secure, and Compliant AI at Enterprise Scale

As enterprises accelerate digitization and AI adoption, cybersecurity must evolve from reactive defense to **intelligent, automated, and continuous protection**. Through this collaboration, Dynacons and Cygeniq will jointly offer a portfolio that enables organizations to apply **AI for Security** (automating detection, validation, and response) while also advancing **Security for AI** (strengthening governance and controls as AI is adopted at scale).

The combined portfolio will include:

- **GRCortex AI** – AI-enabled Governance, Risk, and Compliance (GRC) and policy-to-control enablement
- **Hexashield AI** – Adversarial automated red teaming and protection to validate security continuously
- **CyberTiX AI** – AI-driven cybersecurity intelligence for faster, context-aware risk decisions
- **Specialized AI Advisory and Consulting Services** – Strategy, governance, and implementation support for AI-led security transformations

The Collaboration of Cygeniq's AI-native security platform with Dynacons' proven execution and managed service capabilities, is designed to deliver scalable, future-ready security frameworks for enterprises, government, and institutional customers across the region.

This strategic alignment reflects a shared vision to accelerate adoption of AI-enabled cybersecurity services and help organizations respond to the growing complexity, speed, and sophistication of cyber risks in a rapidly evolving digital landscape.

Mr. Parag Dalal, Executive Director, Dynacons Systems & Solutions Ltd., said: "Artificial Intelligence is redefining the future of cybersecurity. This collaboration with Cygeniq strengthens our AI-driven security capabilities and enables us to deliver intelligent, scalable, and future-ready cybersecurity solutions to enterprises and government organizations across India and the APAC region."

Mr. Prasenjit Saha, Founder and CEO, Cygeniq, said: "Partnering with Dynacons allows us to extend the reach of our GenAI-enabled cybersecurity platform into high-growth markets. By combining Cygeniq's AI innovation with Dynacons' strong delivery and domain expertise, we aim to help organizations proactively manage cyber risks and build resilient digital ecosystems across India and APAC."

About Cygeniq Inc.

Cygeniq is a pioneering cybersecurity firm and the provider of the "World's First AI Security by AI Platform," dedicated to a dual-powered approach of "Security for AI" and "AI for Security." Built on a proprietary Large Security Model (LSM) and Agentic AI, Cygeniq delivers a unified AISecDevOps experience through its core modules - Hexashield AI, GRCortex AI, and CyberTix AI to automate adversarial testing, risk, regulatory Compliance, governance, and threat detection. By offering a "Platform with a Service" (PWAS) model and operating global Cyber Defense Centers, Cygeniq helps organizations replace fragmented security tools with an autonomous, context-aware stack that significantly reduces risk exposure and operational costs.
