Aurionpro Wins its Largest Data Centre Order from a Leading Hyperscale Data Centre Operator

The strategic mandate, awarded following an extensive competitive bidding process, marks an important milestone for Aurionpro and strengthens its position in the mission-critical data centre segment.

Mumbai, India, 13 March 2026 – Aurionpro Solutions Limited (BSE: 532668 | NSE: AURIONPRO) is pleased to announce its largest-ever order win in the fast-growing data centre segment, secured from one of the leading hyperscale data centre operators. The multi-year mandate entails the development of a large, AI-ready green data centre in India, designed to support next-generation, high-density computing workloads.

Valued at close to INR 350 crore, the engagement covers comprehensive design, detailed engineering, and end-to-end execution of MEP works, leveraging Aurionpro's in-house team of highly skilled specialists with expertise in mission-critical infrastructure design. Through this project, Aurionpro will partner in delivering its first AI-ready data centre, marking an important milestone as the Company contributes to the next phase of growth in India's technology ecosystem.

This project comes at a time when India's data centre market is experiencing unprecedented growth, with the country's data centre capacity reaching 1.5 GW in 2025 and projected to reach 2 GW by the end of 2026.

Ashish Rai, Group Chief Executive Officer, Aurionpro Solutions, said:

“Aurionpro is proud to be entrusted with this prestigious mandate and remains fully committed to delivering the project with the highest standards of quality and execution. With demand already outpacing available capacity, we see a significant and sustained growth runway for the sector. Aurionpro is steadily establishing itself as a partner of choice within this ecosystem, and we are well positioned to contribute meaningfully to this next phase of sovereign digital infrastructure expansion in India.

This win is a significant endorsement of our engineering depth and execution capabilities, as well as our position as one of the finest teams in the segment to partner with. I am confident it will open up even larger opportunities as we continue to scale up our capabilities in this high-growth segment.”
