Snowman Logistics registers 8.5% growth in revenue in the Second quarter of FY 2025-26

Mumbai, 04th November 2025: During the quarter ended September 30, 2025, Snowman Logistics Ltd recorded revenue of INR 155.65 Crores as against INR 143.45 Crores for the same period in the previous year, registering a growth of 8.5%.

Mr. Prem Kishan Dass Gupta, Chairman, Snowman Logistics Limited commented, “While the broader cold chain sector is witnessing a short-term moderation in demand—largely due to reduced QSR demand and the impact of US tariffs on seafood exports—the underlying fundamentals remain strong. Domestic consumption continues to rise, helping to offset these temporary headwinds.

We’re entering the next phase of our expansion and are actively identifying land parcels across key locations to further strengthen our footprint. At the same time, we’ll continue growing capacities through our asset-light build-to-suit (BTS) model, maintaining flexibility and capital efficiency at the core of our strategy.

Input costs have risen in recent months, and there’s naturally a time lag before price revisions catch up. This is a normal part of the operating cycle in our business, and we remain confident in our ability to balance cost pressures with sustained margins over the medium term.”

About Snowman Logistics Limited

Snowman Logistics is the market leader in integrated temperature-controlled logistics services, catering to the varied cold chain logistical requirements of its clients, on a pan-India basis. With 44 strategically located warehouses, having a total pallet capacity of 1,54,809 across 21 cities including the key markets of Mumbai, Chennai, Bengaluru & Kolkata etc. Snowman caters to its comprehensive network of reputed clients, which source and consume temperature-sensitive products in bulk amounts. Snowman caters to various services like dairy products including butter and cheese, canned food items, poultry and meat, seafood, healthcare, and pharmaceutical products.
