Press Release

DEE Development Engineers Limited Announces Capacity Expansion at Anjar Facility District Kutch, Gujarat | September 8, 2025

DEE Development Engineers Limited ("DEE" or "the Company"), a leading player in the piping solutions industry, is pleased to announce a significant milestone in its growth journey. The Company has successfully commissioned the balance **15,000 metric tons of manufacturing capacity** of Process Piping Solutions at its newly developed Anjar Facility located at Village Lakhapar, District Kutch, Gujarat, effective September 8, 2025.

With this commissioning, the **total installed capacity** at the Anjar Facility now stands at **30,000 metric tons per annum**, thereby doubling the plant's production capability within a short span of its establishment. This marks a critical step in strengthening DEE's ability to cater to growing demand across domestic and international markets.

Robust Order Book and Growth Outlook

The commissioning of the additional capacity comes at a time when DEE is supported by a **healthy order book of approximately ₹ 1,335 Crores** from marquee clients across sectors such as oil & gas, power, chemicals, and Process Industries. This strong pipeline provides visibility for revenue growth and positions the Company on a firm path to deliver enhanced performance.

Management Comment

Commenting on the development, **Mr. Krishan Lalit Bansal, Chairman & Managing Director of DEE Development Engineers Limited**, said:

"The successful commissioning of our expanded capacity at Anjar marks a significant milestone in DEE's growth journey. Backed by a strong order book and world-class facilities, we are well-equipped to fulfil our commitments to customers and stakeholders. The upcoming Seamless Pipe Plant will be another defining step, further strengthening our capabilities and enhancing the value of our product portfolio."

Commitment to Stakeholders

DEE remains committed to driving sustainable growth through continuous innovation, capacity augmentation, and customer-centric solutions. The Company believes these strategic initiatives will create long-term value for its shareholders, customers, employees, and all stakeholders.
