Immediate Press Release

08th September 2025

Servotech Renewable Power System Ltd. Signs Exclusive Strategic Partnership with Zhuhai Piwin New Energy Co., Ltd.

New Delhi, September 8, 2025: Servotech Renewable Power System Limited (NSE: SERVOTECH), India's leading renewable energy and EV charging solutions provider, has entered into an **exclusive strategic partnership** with **Zhuhai Piwin New Energy Co., Ltd. (Pilot Group), China**. The collaboration will focus on **technology support and local manufacturing** of advanced **Battery Energy Storage Systems (BESS)** in India, fully aligned with the Government's **'Make in India' mission**.

This exclusive partnership underscores Servotech's commitment to driving India's clean energy transition by combining **Piwin's global BESS expertise** with Servotech's **domestic manufacturing capabilities and market leadership**. Together, the companies aim to deliver **robust, scalable, and future-ready energy storage solutions** tailored for India's rapidly growing renewable energy ecosystem.

Battery Energy Storage Systems play a critical role in ensuring **grid stability, energy security, and round-the-clock renewable integration**. Through this collaboration, Servotech will accelerate innovation, support indigenous manufacturing, and help build a sustainable energy ecosystem that strengthens India's energy independence.

Commenting on the development, **Raman Bhatia, Managing Director, Servotech Renewable Power System Ltd**, said:

"This exclusive partnership with Zhuhai Piwin New Energy Co., Ltd. is a milestone in Servotech's journey. By bringing cutting-edge global technology to India and aligning it with our strong domestic expertise, we are set to deliver indigenous BESS solutions that reinforce the 'Make in India' vision and pave the way for a sustainable, secure, and self-reliant energy future."

With this strategic move, Servotech further strengthens its role as a **key enabler of India's renewable energy adoption**, offering innovative solutions that empower industries, communities, and individuals to embrace clean, reliable power.

Disclaimer:

This press release contains "forward- looking statements" that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are to different degrees, uncertain. For us, uncertainties arise from the behavior of financial, software and real estate industry, from future integration of businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different from those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
