Press Release

Kellton and E-Group ICT Software Zrt Sign MoU to Jointly Build Sovereign AI Ecosystem

The strategic collaboration will lead to the creation of an AI Gigafactory with a roadmap under the EU–India framework agreement

Hyderabad, 10 September 2025: Kellton (NSE: “KELLTONTEC”) (BSE: “519602”), a global leader in AI and digital transformation, today announced the signing of a Memorandum of Understanding (MoU) with Hungary-based **E-Group ICT Software Zrt** to collaborate on an AI Project under the EU–India Framework Agreement. As part of this MoU, Kellton will create capacity for AI services with the creation of a “AI Gigafactory” where the organization will lend expertise in software development and technology support.

Karanjit Singh, CEO (APAC), Kellton said, *"We see this collaboration with E-Group as a pivotal step in shaping a sovereign, human-centric AI future. By bringing together Europe's vision for AI sovereignty and India's deep technology capabilities, we aim to contribute to the AI Roadmap initiative with expertise in AI, Generative AI, Cloud, and Cybersecurity. This partnership reflects our commitment to building secure, ethical, and globally scalable AI ecosystems."*

The collaboration will focus on building a sovereign, human-centric AI ecosystem that combines Europe's emphasis on sovereignty and trusted innovation with India's technology expertise and delivery capacity. Anchored in E-Group's *Budapest Initiative*, the AI collaboration aims to deliver an integrated framework for AI, data processing, and cloud infrastructure that prioritizes transparency, security, and long-term resilience.

Antal Kuthy, Founder & CEO, E-Group ICT Software Zrt. said, *"E-Group is dedicated to building sovereign, human-centric AI ecosystems in line with Europe's strategic priorities. Partnering with Kellton under the EU–India Framework Agreement allows us to align Europe's sovereignty objectives with India's technology expertise. Together, through the AI Roadmap initiative, E-Group and Kellton can advance innovation that is secure, transparent, and globally relevant."*

The MoU between Kellton and E-Group ICT Software Zrt underscores the alignment between Europe's vision for sovereign AI and India's strength in innovation and technology delivery, setting a benchmark for cross-regional cooperation in building the next generation of AI ecosystems.

About Kellton

Kellton Tech Solutions Ltd. (NSE: KELLTONTEC) (BSE: “519602”) is a publicly listed global leader in AI and digital transformation, founded on the belief in Infinite Possibilities with Technologies. Headquartered in Hyderabad, India, and supported by more than 1,800 employees across delivery centers and offices in the United States, Europe, and the Asia-Pacific region, Kellton serves a diverse portfolio of clients across industries—including BFSI, manufacturing, hospitality, retail, healthcare, energy, and the public sector.

With deep expertise in Agentic AI, enterprise application modernization, cloud engineering, data and analytics, IoT, and process automation, Kellton delivers transformative solutions powered by innovation. Its proprietary platforms and services have earned recognition from leading analysts: Kellton has been named a Leader in Zinnov Zones for ER&D Digital Engineering and Experience Engineering, and recognized by ISG and Avasant for its SAP services.
