**Subject: Press Release**

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are sending herewith a copy of the Press Release titled “**L&T Technology Services, Siemens Partner for AI-led Transformation in Process Engineering & Smart Manufacturing**” which is self-explanatory.

This is for your information and records.

Thanking You,

Yours sincerely,

**For L&T Technology Services Limited**

## Press Release

## L&T Technology Services, Siemens Partner for AI-led Transformation in Process Engineering & Smart Manufacturing

*Collaboration will unlock new possibilities in LTTS' Sustainability segment; to deliver simulation-driven automation & AI-enabled solutions for diverse sectors*

**Bengaluru (India), September 26, 2025: L&T Technology Services (BSE: 540115, NSE: LTTS)**, a global leader in AI, Digital & ER&D Consulting Services, announced an expanded partnership with Siemens Limited, a leading technology company focused on industry, infrastructure and mobility. This collaboration aims to advance Machine & Line Simulation and IIoT Technology, setting a new benchmark for innovation within LTTS' Sustainability segment, which encompasses Process Engineering, Discrete Manufacturing and Industrial Products.

Through this alliance, LTTS will utilize the digital technology portfolio of Siemens Limited to deliver simulation-driven automation and IIoT-enabled solutions for diverse sectors including Automotive & Transportation, Industrial Products, and Process & Plant Engineering. By combining Siemens' flagship platforms, TIA Portal, Industrial Edge, and Tecnomatix, integrated with LTTS' AI-driven engineering expertise, the partnership will accelerate digital adoption, improve precision in system design, and drive faster, smarter decision-making across manufacturing ecosystems.

Building on a decade of collaboration and engineering excellence, LTTS is driving transformation across the process engineering domain and helping enterprises achieve greater agility and resilience. From enhancing design accuracy to enabling predictive and sustainable production at scale, the strengthened partnership positions LTTS at the forefront of creating intelligent and environmentally responsible industrial ecosystems worldwide.

*Our collaboration with Siemens underscores a shared vision of driving AI-powered innovation and operational excellence across industrial ecosystems," said Alind Saxena, President & Executive Director - Mobility & Tech, L&T Technology Services. "By focusing on robust solutions such as Machine & Line Simulation and IIoT Technology, we are empowering industries to achieve greater agility, actionable insights, and measurable business outcomes."*

**Suprakash Chaudhuri, Head of Digital Industries, Siemens Limited, added,** "At Siemens, we believe that partnerships are the cornerstone of the digital transformation journey for Indian enterprises. By combining deep domain expertise with cutting-edge digital solutions, we can co-create scalable, future-ready innovations that empower industries to thrive in a rapidly evolving world. We are delighted to welcome LTTS as our Solution Partner and look forward to shaping the future of digital transformation together."

**About L&T Technology Services Ltd**

L&T Technology Services (LTTS) is a global leader in AI, Digital & ER&D Consulting Services. A listed subsidiary of Larsen & Toubro (L&T), we offer design, development, testing, and sustenance services across products and processes.

**Purposeful. Agile. Innovation.** is how we drive growth across the Mobility, Sustainability and Tech segments. Our customer base includes 69 Fortune 500 companies and 57 top ER&D companies across industrial products, medical devices, transportation, telecom & hi-tech, and process industries. Headquartered in India, we have over 23,600 employees across 23 global design centers, 30 global sales offices, and 105 innovation labs, as of June 30, 2025.
