# Crompton Greaves Consumer Electricals (CROMPTON IN) Rating: BUY | CMP: Rs375 | TP: Rs505

# All eyes on expansion into Kitchen appliances

### **Quick Pointers:**

- Targeting 10% market share in Chimney and hobs category
- Margin normalcy to restore from Q2 onwards

We cut our FY23/24 earnings by 11%/6% to mainly reflect our trimmed margin expectations. Management highlighted that correction in commodities will be positive for demand, going forward. Crompton remains confident of achieving success in Kitchen appliances segment which will be key re-rating trigger going forward, in our view. Despite unprecedented RM inflation, Crompton has maintained the structural profitability of business and is confident of sustaining it through 1) pricing actions 2) improving business mix 3) cost saving program and 4) advance booking of key RM.

We remain structurally positive on CROMPTON for longer term given 1) market share gains across core categories of Fans, Pumps and LED lights 2) sustained investments in LT initiatives (brand building, GTM, innovation, business processes & teams 3) well defined plan of entering and scaling up new categories (Water Heaters, Air Coolers, Mixer-Grinders and Kitchen appliances) and 4) strong balance sheet. We estimate 18% PAT CAGR over FY22-24 and assign a target price of Rs505 @ 40xMarch24 EPS (Rs534 earlier). Maintain BUY

**Sales grew 77% YoY, Adj PAT up 33% YoY:** Revenues grew by 77% YoY to Rs18.6bn. Gross margin fell by 170bps YoY to 30.6%. EBITDA grew by 76% YoY to Rs2.2bn with margins at 11.8% (-190bps YOY). Adj PAT grew by 33% YoY to Rs1.81bn.

**ECD sales up by 52%, Lighting margins at 8.9%:** ECD segment sales grew by 52% YoY to Rs13.47bn. ECD EBIT margin came at 17% (-60bps YoY). Lighting segment revenue grew by 61% YOY to Rs2.62bn. Lighting EBIT margin came at 8.9% (-110bps YoY).

**Concall Takeaways:** 1) Inflation is adversely impacting the demand. However, company expects prices to ease going forward which will be positive for demand. 2) Margin improvement will happen from 2Q onwards as per management. Higher A&P spend adversely impacted the margin which should normalize going forward. 3) Demand of pumps is weak only and it has seen price hike of almost 20-25% in last 18 months. GST increase might happen for pumps category from 12% to 18%. 4) Built-in-Kitchen appliance is a potential growth area. Management said that chimney and hobs market is worth Rs25bn. Crompton is targeting to become top 3 players in chimney and hobs market with almost 10% market share. It is planning to tap 300 cities covering 90% of market. 5) Fans market share is 28% and it has consistently gained market share in this category in last 2 years. 6) 1Q had one-off variable cost under employee cost. 7) B2C lighting is growing faster than B2G and B2B. 8) Butterfly acquisition : It derived ~5% revenue growth from appointing new retailers/distributors. It is targeting to establish 40-50 EBOs via franchise route.
