Multiple Levers in Place

We maintain our 'BUY' rating on Somany Ceramics (SOMC) with a revised target price of INR 575/share. We factor in: 1) **Volume CAGR of 7%** over FY25–28E driven by **market share gains from unorganised players** in the Tiles segment, 2) **Bathware segment revenue CAGR of 12%** over FY25–28E, 3) Revenue contribution of 17%/12% from Projects/Bathware segments, respectively. **Strong launches and sales in the Real Estate** sector between FY22 and FY25 would help drive **volume growth** for SOMC over FY26–28E as these projects near completion, 4) **EBITDA margin expansion** of ~316 bps over FY25–28E.

We forecast SOMC **EBITDA/EPS CAGR of 20/44%** over FY25–28E on the basis of our **volume/realisation CAGR assumption of 7%/0.4%** over the same period.

We revise our 1-year forward target price for SOMC to INR 575/share (earlier INR 635/share). Our EPS estimate is reduced by 10.8% and 10.4% for FY26 and FY27E, respectively, primarily reflecting a 2% cut in the expected volume CAGR over FY25–FY28E. We value SOMC on our PEG ratio-based framework – we assign a PEG ratio of 0.9x on FY25–28E core EPS CAGR of 44%, which, we believe, is a conservative multiple. This valuation framework gives us the flexibility to assign a commensurate valuation multiple based on quantifiable earnings growth.

We do a sanity check of our PEG ratio-based TP using implied EV/EBITDA, P/BV and P/E multiples. On our TP of INR 575, FY27E implied **EVEBITDA/PB/PE multiples are 7.6x/2.4x/17.6x**, all of which are reasonable in our view. **Potential increased dumping from Morbi into the domestic market, possible slowdown in Real Estate project execution** and home improvement activities are **risks** to our 'BUY' rating.

Q3FY26: Consol EBITDA above CIE Estimate

Tiles: Q3FY26 volume came in at 17.5 MSM (up 2.3% YoY, flat QoQ). Realisation at INR 323 per SQM improved 1.2/0.9% YoY/QoQ. Revenue increased 3.6% YoY & flat QoQ to INR 5,655 Mn, marginally below CIE est of INR 5,838 Mn

Bathware: Q3FY26 Bathware segment revenue grew 12.3/4.4% YoY/QoQ to INR 798 Mn vs CIE est of INR 900 Mn

Revenue/EBITDA came in at INR 6,823 Mn (+5.8/-0.4% YoY/QoQ) / INR 620 Mn (+16.0% YoY, +15.9% QoQ) vs CIE estimate of INR 7,038 Mn/INR 584 Mn, respectively. Core PAT came in at INR 180 Mn (93.9/20.1% YoY/QoQ) vs. CIE est of INR 210 Mn.

Tiles segment FY26 guidance: Volume growth in single digit and EBITDA margin expansion of 100–150 bps YoY

The management is targeting single-digit volume growth and a 100–150 bps EBITDA margin improvement in FY26, supported by a strategic shift towards higher-margin project sales. Project sales are expected to increase to 17% of revenue mix in FY26. This shift will be driven by Real Estate projects launched during FY22–FY25, expected to be completed in FY26E–FY28E, Following strong launch and booking activity seen in FY22–FY25. The management would pursue an aggressive approach in the project segment, which has margin higher than select channel sales.

Bathware segment FY26 guidance: Revenue growth at low teens

The management is aiming for lower double-digit growth in FY26 (albeit, on a low base), supported by strong real estate demand and a differentiated product portfolio – a target we believe is achievable.

Construction chemicals JV with Dura Build Care Private Limited: SOMC has acquired a 51% stake in Dura Build Care Private Limited (DBCPL) for INR 103 Mn by purchasing 11,04,886 shares, making it a subsidiary. DBCPL manufactures construction chemicals, such as waterproofing compounds and repair systems, with plants in Haryana and Karnataka. The acquisition marks SOMC's entry into the high-margin construction chemicals segment with a TAM of INR 110–120 Bn. DBCPL brings a strong IP portfolio of 150 intellectual properties and includes a roadmap for full acquisition over the next 3–4 years.
